# The Fish and Wildlife Licensing and Funding Advisory Council

## **Membership Application**

Montana Fish, Wildlife & Parks is seeking individuals to serve on an advisory council charged with developing recommendations for simplifying the hunting and fishing licenses currently available. The group will consider potential license fee increases necessary for sustaining long-term funding for fish and wildlife management in Montana. Members will be expected to participate in at least seven, facilitated meetings between July 15 and March 15, 2014. Applications are due by June 26.
